

Champagne & Diamonds 2010
A Gala To Benefit Mount Carmel Mobile Mammography

One in every eight women will develop breast cancer in her lifetime, making it the second-leading cause of cancer deaths among women. All women are at risk, regardless of their family history. Mammograms save lives by detecting cancer early, when it's most treatable. That's why Mount Carmel is dedicated to providing as many mammograms as we can to women in our community.

Each year the Mount Carmel Mobile Mammography Coach travels throughout central Ohio increasing access to this critical exam. But due to age, wear and tear, our current coach needs to be replaced.

The 2010 *Champagne & Diamonds* gala will support the purchase of a new mammography coach with digital imaging capabilities. Your presence and generous support at this year's event will help us reach that goal and help save women's lives in our community.

Champagne & Diamonds 2010 will be held February 13 at the Hilton Columbus at Easton. For more information, [click here](#) or contact Deirdre Deweese at 614-546-4346 or dldeweese@mchs.com.
